

ALPQC Neonatal Hypothermia Prevention (NHP) Initiative: Data Measures Form

Demographic and Outcome Measures – Reported Monthly

<http://www.alpqc.org/initiatives/nhp>

Demographic Information	Outcome Measures
Monthly, randomly sample* from the birth admission of 10 newborns delivered vaginally and 10 newborns delivered by cesarean section. Do not include PHI.	<i>To be reported monthly for all deliveries during the previous month.</i>
1. Patient Race/Ethnicity –Select all that apply: <input type="checkbox"/> Asian <input type="checkbox"/> Black/African American <input type="checkbox"/> Hispanic <input type="checkbox"/> Multi racial <input type="checkbox"/> Native American <input type="checkbox"/> Native Hawaiian/Pacific Islander <input type="checkbox"/> White <input type="checkbox"/> Other <input type="checkbox"/> Unknown <input type="checkbox"/> Race not reported	O1. Total number of patients during data monitoring period:
2. Gestational Age What was the gestational age of the infant in weeks and days (e.g. 36 5/7) <div style="text-align: right;"> Weeks: _____ Days: ____/7 </div>	O2. Temperature on Admission: What was the infant’s temperature (in Celsius) on admission to either the NICU or Mother/Baby Unit? <div style="text-align: right;"> Temperature: _____°C </div>
3. Birth Weight What was the infants birth weight in grams?	+See “How to use random number Generator” document under the “Data Resources” menu at www.alpqc.org/initiatives/nhp .
4. Mode of delivery: Vaginal or cesarean section Select one: <ul style="list-style-type: none"> • Vaginal • Cesarean Section • Unknown 	

ALPQC Neonatal Hypothermia Prevention (NHP) Initiative: Data Measures Form

Structure Measures

S1. Unit Normothermia Policies & Procedures

Does your hospital have neonatal hypothermia prevention policies and procedures (reviewed and updated in the last 2 years) that contain the following?

- A. Standardized recommended delivery room temperatures.
- B. A standardized checklist for delivery care based on estimated gestational age.

S2. Nursing and Provider Education

Does your hospital have a programmatic means of educating hospital staff regarding normothermia policies and procedures?

S3. Unit Hypothermia Management Policies & Procedures

Does your hospital have a policy and procedure for the management of moderate or severe hypothermia inclusive of the following?

- A. Debriefs *with the clinical team* after moderate to severe neonatal hypothermic events.
- B. A standardized clinical approach to managing infants with moderate or severe hypothermia.

S4. Reporting of Performance

Does your hospital have a means by which hospital performance is shared with both obstetrical and newborn/NICU staff?
